

# unisonsteadfast

Insurance brokers worldwide

Dear members, business friends and partners,

With immediate effect, we operate under the name **unisonSteadfast AG**.

During our Independence Day Conference 2017, we have already informed you that, following the launch of our strategic partnership with Steadfast Group Australia, we would also change our company name. “**unison**” continues to represent the worldwide network whereas “Steadfast” will provide the cluster model and further services we would like to offer our members. **unisonSteadfast** stands for a dynamic and efficient partnership.

With the official change of our company name, all contracts concluded with **unisonBrokers** will automatically be transferred to its legal successor **unisonSteadfast**. As of now, all correspondence, presentations and further documents will be held available under the **unisonSteadfast** brand.

Furthermore, all the e-mail addresses of our employees as well as general e-mail addresses have been adjusted accordingly and can be reached under:

**[Firstname.Surname]@unisonsteadfast.com**

as well as [info@unisonsteadfast.com](mailto:info@unisonsteadfast.com) , [idc@unisonsteadfast.com](mailto:idc@unisonsteadfast.com) and [marketing@unisonsteadfast.com](mailto:marketing@unisonsteadfast.com).

As a matter of course, all the **unisonBrokers** e-mail addresses will temporarily further exist and incoming e-mails will be transferred to the new accounts accordingly.

In case you need our new company logo for your homepage, letterhead, business cards etc., please contact our assistants. They will help you with words and deeds and provide you with the appropriate forms you may need. There is, of course, no time pressure. As soon as you make changes to your homepage or want to print new letterheads, we would appreciate it if you could implement our new company logo.

All further company-related data like our bank account, phone numbers, address etc. will remain unchanged.

We are looking forward to starting into a strong and successful future with you and hope for your understanding regarding any inconvenience caused related to this joint venture.

Yours

Wolfgang Mercier  
President & CEO
